VOL. 4-NO. 10

WORCESTER, MASS., MONDAY, NOVEMBER 18, 1912.

PRICE FIVE CENTS

HOLY CROSS 27 W. P. I. 0

Tech Fails after Good Fight to add Purple Feather to Her Cap.

Tech collected at E. E. Building at one o'clock and, led by the band, proceeded down town, four abreast. At City Hall cheers for the team and then for Holy Cross were given. Procession marched to Fitton Field and after marching around the field took their respective seats.

Tech fought from start to finish and every man that played was a star. Kelley and Clough were the most prominent figures on the Tech eleven. Stone should be commended on his wonderful tackles. Power at full-back played brilliantly. Howard did mighty work for Tech. Barnes gained on end runs and made a good quarter-back when Kelley had to leave game because of an injury to his ankle. Tech's forward passes failed to work as well as they did at Amherst. Bad pass to Clough from Whitney responsible for one touchdown.

Ostergren starred for Holy Cross. Carmody, right halfback, featured with two long runs for touchdowns. O'Brien, left halfback, also did brilliant work, manipulating most of Holy Cross' forward passes. Holy Cross gained 160 yards on seven successful forward passes. Holy Cross was penalized a great deal for offside and holding.

THE BATTLE.

Roberts kicked off to Holy Cross' 25-yard line. Holy Cross failed to gain, play broken up by Wiederman. Holy Cross held for two downs. W. P. I. penalized five yards, off side. Holy Cross rushed ball for five yards. Stone set Holy Cross back for loss of 10 yards. Holy Cross punted ball to 4-yard line. Clough punted to 50-yard line. O'Brien made a successful forward pass with a gain of 12 yards. O'Brien tried end run but failed. Play was repeated with a gain of two yards, followed with a left-end run with a gain of eight yards. Play stopped by Gibbons. Holy Cross punted to 40-yard line and ball received by Gibbons, but stolen from him, the referee allowing Holy Cross to have the ball. O'Brien tried right end run with a gain of two yards, tackled by Wiederman. Holy Cross penalized. Holy Cross punted and Barnes received ball, but slipped. Holy plowed for five-yard gain. Kelley pulled off a fake kick with a five-yard gain. Brawley hurt, but continues to play. Tech fumbles on tackle play on 33-yard line. Ostergren made run, resulting in Holy Cross' first touchdown. Ostergren kicked goal. Successful forward pass with the

gain of 15 yards, play stopped by Barnes. Stone broke up fake play with a loss of 10 yards to Holy Cross. Holy Cross failed on forward pass. Bidwell stopped a rush on third down. Tech held on fourth down. Clough gained two yards with end run. Tech penalized for holding. Barnes tried wide end run but was tackled by Carmody with no gain.

Second Period—Holy Cross 7, Tech 0. Tech's ball on 21-yard line. Clough kicked and Barnes recovered ball on 32-yard line. Ball fumbled but recovered. Barnes tried end run with no gain. Delayed pass given to Barnes with loss of one yard. Clough kicked to 35-yard line. Holy Cross gained four yards on wide end run, play stopped by Wiederman and Stone. Holy Cross made a rush through tackle for eight-yard gain. Holy Cross kicked to Tech's 47-yard line. Power plunked with one-yard gain. Barnes made end run with ½-yard gain. Barnes hurt and replaced by Kane. Clough failed to make forward pass to Kane. Clough failed to kick, due to bad pass from Whitney. O'Brien made an end run for 14 yards, followed by plunge for gain of two yards. Holy Cross penalized five yards for offside. Mullen received forward pass and secured second touchdown. Ostergren failed to kick goal.

Entered as second class matter September, 21, 1910, at the postoffice at Worcester, Mass., under the Act of March 3d, 1879.

PRINTED BY
THE RAND PRESS
540 Main Street

There was some good cheering by both sections for good plays by opponents. This is a hopeful sign for the ultimate elevation of football to the plane of manly exhibition of prowess.

Holy Cross won a straight clean victory—but she had to exercise her gray and white matter some.

The crowd of men who welcomed Dr. Seerley's lecture last Wednesday showed what constitutes a successful "Popular." He is a man whose work amply deserves this kind of recognition.

The News calls attention to the birth of a new Worcester newspaper, the Bulletin, which appears every Saturday. This paper is to mark a new era in Worcester journalism.

FOOTBALL AT TECH A FARCE?

Saturday's game was no farce, but result justifies our contention that football should not be continued at W. P. I. under the conditions which have prevailed most of this season. Tech proved no easy mark for Holy Cross, and the game put up was a revelation to those who saw the R. P. I. game of what two weeks of hard work can accomplish. If W. P. I. is not to give up football (and we are no quitters) real training

and efficient coaching should begin in September and continue without a break thru the season. We favor a graduate coaching system, but success, in the last analysis, depends quite as much on the attitude of the men. If football training is a joke, just because we can't have regular training table and

THE MEN WHO ARE NOT SURE OF MAKING THE VARSITY CAN'T SPARE TIME TO COME OUT FOOTBALL MUST BE DROPPED.

Cliff Clough did not fail to come back.

Again we proved that Tech men are sportsmen and gentlemen. The W. P. I. bleachers responded finely to the suggestions of their cheer leaders.

Those fumbles were costly, but the improved interference and tackling show what a machine a few more weeks of drill like the last two would have produced.

Tech owes a great deal to its cheer leader, E. F. Tierney, who lead the cheers and songs with a snap that would do credit to one of the Big Four colleges. The way that he kept the student body interested for three quarters of an hour at the mass meeting before the speakers arrived was a revelation.

Desmond's work at center was good for a man who had been out only one week. We only wish that he had been out all season.

The Tech ends were the redeeming features of the game and that department looks strong for next year.

We were outplayed fairly Saturday, but not as much as the score sounds. Wait till next year.

Stone's tackles were clean and resulted in many losses at left end for Holy Cross.

Howard was in the game till the final whistle and broke up many plays.

Higbee showed all kinds of speed.

Kelley's Irish grit was shown often against his heavier opponents.

Barnes showed the same class that he has exhibited in every game. He and Stone are the finds of the year.

Clough's punts were marvelous when he had a chance to get one off.

MASS MEETING.

Last Friday night, one of the most enthusiastic mass meetings ever held at Tech was held at five o'clock in the E. E. lecture room. The meeting started by Dr. Conant presenting the cup and ribbons to the first six men in the cross countries. A. H. Gerald '15 was the winner of the cup for first place, and Hugo '16, Hedstrom '14, Lord '16, Burgess '16, and Pike '15 were the winners of the ribbons for the next five places in the order given.

Cheerleader Tierney then made an enthusiastic speech, after which he introduced Dr. Conant, who spoke very earnestly on the prospects for the game. This was followed by a rehearsal of the various songs and cheers.

Porter '13 then spoke a few words for the cross country team. Armour '13 followed by giving out managerial announcements.

At this point, Dr. Conant sprung a surprise by announcing that the board of trustees had seen fit to purchase the land lying between Alumni Field and Park avenue. This announcement was followed by much cheering.

Head coach Carney was able to be present by this time, and he spoke chiefly on the amount of Tech spirit that has been shown lately and on the prospects for Saturday. He was followed by Frank Lowe, who, with "Billie" Burke and others, has been of much assistance to Carney in the last week or so. Lowe spoke briefly, giving advice as to our manner of cheering and supporting the team, and ended by introducing "Billie" Burke, who made a short, "snappy" speech, the main thought of which was to stick to the team. Capt. Howard ended the speaking by saying: "The team is going to win."

TENNIS!

Finish of The Singles.

Altho the Tennis Tournament has been lost sight of in the approach of the Holy Cross game, it has proceeded nevertheless, and last week marked the close of the singles with P. F. Murray '16, the champion, and R. A. Waite '15, the runner up. Murray triumphed over Keith '14 in semi-finals, and Waite over Taylor '15.

The finals were played last Wednesday and furnished many thrills; every point was contested to the full extent of the players' ability. The score reads:—

6-4, 6-2, 6-3.

The doubles tournament is not progressing so rapidly, but this week will probably work it close.

"SOME MEETINGS."

Yes that was "some meeting" last Wednesday, but that's not an exception for Quality even if it was for Quantity, for every Popular is "some meeting." That meeting last Wednesday was just a demonstration of what every Popular deserves to be, for equally expert men have been engaged to speak on equally important subjects for all the Populars this year. A weekly student gathering like that last Wednesday would generate Tech spirit that would make it impossible for Holy Cross to even have a "look-in" with us. For your own sake and for Tech's sake, get the habit of attending every Popular.

A great treat is in store for us this week. We are to hear a man that Dartmouth, Amherst, Williams and many other New England Colleges call back to speak to them year after year. Dr. Glenn Atkins of the Central Congregational Church in Providence is to Brown University what Dr. Foster is to Tech. Few New England speakers are so universally well received by college men as Dr. Atkins. Here at Tech we are indebted to him as he was the man who opened our series of Populars. Let's show him what Tech can do. More Special Music—"Comprenez?"

Y. M. C. A. NOTES.

At the conference of Tech and Clark students held in the city Y. M. C. A. last Thursday evening, an important advance step was taken in the formation of an intercollegiate council to direct the work to be done in Worcester this year for foreign speaking men by Tech and Clark students. The council is composed of the following men: Walter G. Butler, chairman, and Arthur Woodhead, representing Clark, and Nathan C. Avery and Clinton C. Hubbell, representing Tech. These men, together with Secretaries Moore and Shedd, will have entire responsibility for directing this important work. An evening school will be organized this week at the Finnish Socialist hall on Mulberry street.

The annual Northfield Reunion will be held Saturday evening of this week. The "jollity" will probably take place at the Manse in Green Hill Park.

A demonstration of the work being done for foreign-speaking men will be given Wednesday evening in Pleasant-street Baptist church for the benefit of the members of that church.

Dr. Seerley was entertained Wednesday night at the Kappa Xi Alpha house.

Of course, no guarantee can be made regarding securing Dr. Seerley for a course of six lectures on Sex Hygiene at Tech, as the demands being put upon his time this year are tremendous. However, the Association is in a position to state that Dr. Seerley is giving very favorable consideration to the proposition, and if our call is loud enough, and it's humanly possible for him to do so, he will respond. It may be a matter of two weeks before he can give us a final answer. The Association hopes to enroll enough men to keep the expense of the course down to \$1—it surely will not be over \$2. If you are really interested and haven't done so, put in your name at once.

CIVIL ENGINEERING SOCIETY.

Next Thursday evening the Civil Engineering Society will hold a smoker at 8 P. M. in Boynton hall. Several papers will be given by the members.

Freshman-Sophomore football game at the oval at 8 P. M.

HALF WAY THRU.

The Juniors are beginning to show a few signs of reviving, and have decided on December 7th as the date for their rejuvenated Half-Way-Thru banquet. It has also been decided to hold it in the city, but the exact place has not been determined upon.

We hope the Juniors will make good this time. There is no excuse acceptable now for anyone's absence. The last time, the ones who backed out said they would go if it were held in the city. Now is the chance to make good and to show whether or not you have the slightest amount of "vital force" left in you. Show your "come-back," Juniors, or we won't weep at your funeral.

ALUMNI NOTES.

Word has been received at the Institute of the death of William W. Vinton, class of 1905, Oct. 22, at Denver, Col. Mr. Vinton was a graduate in the course in Mechanical Engineering, and, owing to poor health, had made his home in Denver since graduation.

S. S. Edmands, W. P. I. '99, director of the School of Science and Technology at Pratt Institute, Brooklyn, N. Y., was a recent visitor to the Institute shops. Mr. Edmands is contemplating some changes in the shop course at Pratt, and wished to learn the methods employed at the Institute in teaching shop practice.

PERSONAL NOTES.

Jewell didn't read his cribs well in German and read "iron grip," "eye for girls."

Sonto always reports a maximum number of problems in Calc and Physics, but made a mistake the other day in reporting six more than were given out.

Haselton overslept just one hour, and walked into Calculus just in time to hear the benediction, to use Dr. Morley's words.

Ted Wheaton told Dr. Jennings that he was an expert on water-bath operation.

The next regular meeting of the Branch will be held on Friday evening, Nov. 22, at 8 o'clock, in the Electrical Engineering building on Salisbury street. Subject, "Summer Experiences." Speakers, Franzen, Gilson, Graham, Rockwell, Stripp.

CHEMICAL CLUB MEETS. More Cider and Doughnuts

At the meeting of the Chemical Club held last Monday, R. H. Truscott, '13, gave a very entertaining account of the Senior Chemists' inspection trip which they recently took. F. H. Steele '14, read a paper on Titanium and L. A. Howard talked on the uses and properties of money metal.

K. H. STEPHAN & SONS

570 Main Street

Next Saturday afternoon at the Oval occurs the annual Freshman-Sophomore football game. The contest, however, is a mere incident to the real struggle of the day, when the Senior Civil meets the Senior Mechanic, *a la Turk meets Bulgarian*, to demonstrate whether shoveling coal under the Institute boilers or hiking over the country with a "gun" on the shoulder makes better "beef." The struggle will be desperate and the sod at the oval will be torn up as it never was before, since, added to the natural desire of these divisions to outshine each other is the added inducement of a banquet which the loser gives to the winner. Outsiders are invited to this banquet, for which all except the winners must buy a ticket. Ed. Dahill is manager for the Civils who have their first practice Monday afternoon. At this writing the Mechanics had not selected a manager, but will probably do so very soon.

Football dance, 8 P. M., in Terpsichorean Hall.

Chemists on Road

V. T. Mlejnek and H. B. Woods recently spent a Saturday on a trip to Boston. It was a purely "pedestrian" venture and both claim that they ate supper in Boston. They left Worcester at four o'clock in the morning and reached Boston at 5.30 in the afternoon, just in time to clean up the beans. Both returned by train Saturday night. Such a long trip for a plate of beans!!!

UNCLE JOSH WETHERBEE ON SOPHOMORE CIVILS.

Haw, haw, haw! Wall, naow, dew you know, one day last week, I wuz daown in our meadow, a-watchin' our hired man Bill pitch hay, when I seed a dinky little feller carryin' three sticks with a brass tube hitched ontow the top of them. Bymeby, he stuck that air contraption intew the ground and begun tew squint intew the tube. I begun tew git kinder curious tew know what the mustard he was up tew, so I jest kinder meandered over his way and sez, sez I:—

"Say, mister, who be you?"

"I'm a soft or more civil," sez he.

"Be you civil?" sez I.

"You bet," sez he. "Now you see that pretty summer boarder a-floatin this way. Well, you just get behind that stone wall," sez he, "and you see if I ain't civil," sez he.

Wall, I did as he ast, and pretty soon that girl cum along. At fust he didn't seem tew notice her, but she stopped and begun tew look inquisitive. Bymeby she sez, "Pardon me, kind sir, but what are you dewing?"

"I'm surveying," sez he.

"Surveying what?" sez she.

"The buties of Nachur," sez he.

"Ooooh!" sez she, claspin her hands and looking like she wuz about to have a fit, "can you see better through the tube?" sez she.

"Lots better," sez he. Then, kinder growin' perlitte and meachin, he sez, sez he,—"Pardon me, madam, would you like tew look through the tube?"

"Oh!" sez she, "how perfectly lovely! I am just dying tew."

"All right," sez he. "Just step up here. Now," sez he, when she wuz peerin' through the squint-tube, "dew you see that mountain in the distance?"

"Where?" sez she.

Wal, she couldn't seem tew see it, so he jest stepped up and kinder put his arm around her neck and pointed so as to direct her vision, as it were, and before I could say Jehu, I heerd a smack.

"Oh! you horrid thing!" sez she.

Wal, I couldn't stand it any longer, so I jest jumped up and hollered, "Hey, mister, you certainly air the civilest feller I ever see." But before I could say a dern thing more, that air gal she give a screech that could be heard over to Cy Hoskin's onion patch, and she kited down the road like a house afire, and by mustard, I bet she's goin' yet. Haw, haw, haw!

FOOTBALL DANCE.

The W. P. I. football dance, held last Saturday, was a great success. The committee in charge was composed of Pike '15, Miller '15, and Warhegian '15. The chaperones were Prof. and Mrs. H. C. Ives and Dr. and Mrs. A. W. Hull.

A "HOBO COLLEGE."

If Dr. James Eads How of St. Louis, who is known as the millionaire tramp, has his way, he will be at the head of a "hobo college" this Winter, the institution to be created and administered for the benefit of knights of the roadside. It is a good idea.

Details are lacking as to the methods to be followed in innoculating the arts and sciences into wandering tribesmen, but we can suppose a curriculum something like this:—

Psychology—The importance of rest.

Geography—Study of areas showing "work belt," the "arid districts" and sections where "hand-me-out" oases may be found.

Literature—Art in short story telling, and value of human interest anecdotes.

Mathematics—Proof that the least common multiple of a bulldog and the greatest common divisor of a buck saw is equal to a hasty exit.

Economics—The Co-operative Commonwealth, will it do something for us, or something to us?

Hygiene—Sleep, Nature's restorer.

The degree granted to a graduate will be the conventional AB, which stands for Able Bum. —Boston Globe.

The Boarding of the Pilgrims.

The gnashing teeth bit hard
On a firm and rib-bound roast,
And the boarders gainst a table scarred
The leaden biscuit tossed.

And they frowned with inward storm
As they scanned the dishes o'er.
And recognized in chowdered form
The things they'd seen before.

Not as the conqueror comes,
Stirred by the drumbeat's roll,
They came at the yearn of empty tum
And the tea-bell's timely toll.

There were men with hoary hair
Amidst that hungry group.
Why had they come to wither there
And mumble o'er their soup?

There was a woman's hungry eye
Seeking an extra roll;
There was manhood's brow serenely high,
Guarding the sugar bowl.

What sought those reaching arms?
Fat pickings 'mid the dearth?
The wealth of seas—the spoil of farms?
They craved their moneys worth.

Save here a stain of broth,
And there a gravy trace,
They left a barren, crumbless cloth
Within that boarding place.
—Harper's Weekly.

Age and a small brother always tell
on a girl.

"Laugh and the world laughs with you." Some Profs. excepted.
A pessimist may be defined as one who is compelled to associate with an optimist.

There are a lot of men I guess
Who call themselves "self made" and
Such;

Who talk about their own success,
Yet haven't done so very much,
For ten to one some other pen
Has done most all the work for them.

A notice seen in a noted engine room
of this city:—

"Do no spit on the ceiling, we've lost the ladder."

Continued from page 1.

Whitney replaced by Desmond. Howard received kick-off on 25-yard line. Barnes' end run gained 15 yards. Kane's fumble lost ball for Tech. Kelley broke up forward pass. Holy Cross made gain of 10 yards by forward pass to Metevier. Holy Cross fumbled but recovered ball. Roberts intercepted forward pass. Powers carried ball for gain of three yards. Kane made gain of three yards. Robert's end run gained but one yard. Clough kicked, Mullen receiving the ball and make run of 21 yards, but was stopped by Howard. Mullen replaced by McCaffrey. Holy Cross lost two yards on forward pass. Roberts relieved by Higbee. Holy Cross's forward pass was incomplete. Holy Cross kicked ball over Tech's goal line and Tech rushed from 20-yard line. Gibbons lost two yards on end run. Higbee gained nine yards. Tech lost ball. Holy Cross fumbled, recovered by Kelley. Clough made a gain of 10 yards on forward pass from Kelley. A forward pass to Stone failed. Higbee rushed through Davitt for a gain of 4½ yards. Tech lost five yards by set-back on end run. Ball on 33-yard line.

Third Period—Holy Cross 13, Tech 0. Howard received ball on kick-off. Kelley's forward pass was intercepted. Higbee tried end run with gain of one yard. Forward pass intercepted by Holy Cross. Holy Cross tried center rush with a set-back of three yards. Carmody tried left end run but was dropped by Clough with a gain of three yards. Holy Cross tried forward pass which was incomplete. Holy Cross kicked outside. Tech's ball on 33-yard line. Kelley tried left end run with loss of eight yards. Higbee rushed through right tackle with a gain of three yards. Tech's forward pass was incomplete. Clough kicked to 40-yard line, and Howard tackled his man. Holy Cross ball in middle of field. Holy Cross tries right end run and fumbled, but recovered the ball. Holy Cross fumbled, Stone getting the ball, but losing it. Holy Cross' center rush netted four yards, being stopped by Kane. Holy Cross made a successful forward pass with a gain of 12 yards. Barnes intercepted forward pass. Barnes made a left end run with a loss of five yards. Higbee plowed through right tackle with a gain of four yards. Clough's forward pass to Gibbons gave Tech a gain of 10 yards. Gibbons knocked out, but remaining in the game. Power bucked center for one yard. Barnes made a two-yard gain around right end. Kelley made forward pass which was intercepted by Carmody, who made a 50-yard run for a touchdown. Ostergren kicked goal.

Power received ball on kickoff and is tackled on 35-yard line. Fake play resulted in a loss of four yards to Tech. Stone's right end run gained but one

from Clough on 40-yard line and made a run of 60 yards to a touchdown. Ball kicked out and received on 20-yard line and Ostergren kicked goal.

Power received kick-off. Howard tore around right end for gain of four yards. Power crashed through center with gain of three yards, followed by a gain of four yards through right guard by Higbee. Roberts tried right end run with a loss of a yard. Clough kicked to 25-yard line and Holy Cross man was tackled by Stone. Holy Cross made gain of five yards and then was penalized for off-side. Right guard Cahill made a gain of 15 yards around left end, and was stopped by Barnes. Incomplete forward pass. Ostergren tried right end run with no gain. Period ended with ball on 50-yard line.

Fourth Period—Holy Cross 27, Tech 0.

Kelley takes Turnbull's place. Tech penalized 10 yards. Ostergren received forward pass and secured a gain of 15 yards. Plunge tried through center with no gain. Forward pass intercepted by Barnes, which gave Tech ball on 25-yard line. Mullen knocked out. Higbee makes spectacular run around right end, with a gain of 25 yards. Quinn took Cahill's place. Lee took Carmody's place. Barnes tried center rush with no gain, followed by Barnes carrying ball around left end for gain of six yards. Higbee tore through right guard for gain of two yards. Lee intercepted a forward pass to Clough. Holy Cross forward passed, but it is incomplete. Kelley muffed a forward pass. Kelley, in spite of his grit, is forced to leave game and is replaced by Friars. Lee ran for a gain of three yards around right end and was dropped by Friars. Barnes received punt on 20-yard line. Barnes knocked out by dirty tackle. Dolan replaced O'Brien. Power made a gritty buck through center with a gain of three yards, but is stopped by Milliken. Power again tore through center for two yards. Friars took Barnes' place and Barnes went in at quarter. Higbee made another spectacular run with a forward pass from Barnes. Barnes shot ball for forward

pass which was intercepted. Lee made a successful run around left end with a five-yard gain. O'Toole replaced Metevier. Dolan pushed through right guard for four yards gain. Clough stopped Lee on end run with a gain of only one yard for Holy Cross. Ostergren made a run of 10 yards around right end, followed by Lee around left end for two yards gain. Holy Cross penalized 15 yards for holding, followed by a loss of five yards. Again Holy Cross is penalized for five yards. McCabe punted to 35-yard line and the ball was received by Barnes who made a run of only five yards. Carey took McCabe's place. Higbee, on a wide right end run failed to gain. Higbee starred by a 10-yard gain from a forward pass from Barnes. Power made his best gain of eight yards through left guard, stopped by Milliken, who was knocked out, but remained in game. Tech's fumble was picked up by Barnes. Higbee tore through right guard and was thrown by Dolan and tackled by Lee. Higbee failed to make a gain through left tackle, followed by a loss of five yards, play being stopped by Milliken. Friars tried left guard rush with no gain. Tech tried to score with a drop kick by Clough from the 25-yard line, but failed. De Marco fell on the ball. Carey gained three yards. Ostergren is stopped on a wide right end play with a gain of but one yard. Holy Cross gained six yards, followed by a loss of two yards. Again Holy Cross is penalized five yards. Gibbons stopped Lee with a gain of four yards. Milliken went through center with a gain of two yards. Holy Cross is held. Carey kicked outside on 22-yard line. Tech gained one yard with a center buck, but lost four yards on end run. Tech tried forward pass which was incomplete.

DR. CONANT SPRINGS SURPRISE.

During the mass meeting Friday night Dr. Conant made an announcement for which the student body has long been waiting. He did not intend it as official but he said, "All the land from Alumni field back to Park avenue has been purchased by the Institute."

CIVIL ENGINEERING SOCIETY.

The Civil Engineering Society will hold a social hour smoker next Thursday evening, November 21, in Boynton Hall. It is the purpose of the society to promote the feeling of fellowship between the students, and also to acquaint the student with the modern engineering practice. The society has secured many eminent engineers to address the meetings for the ensuing year. The speaker next Thursday night will be Professor French, whose address is sure to be of interest to all. A record attendance is anticipated.

NORMAN TABER, BROWN CAPTAIN, CAPTURES INDIVIDUAL HONORS.

TECH, MINUS GERALD, FINISHES LAST.

The Dartmouth Cross Country Team won the first annual N. E. I. A. A. cross country meet at Brookline Saturday by bunching the second, third, fourth and fifth men across the finishing line. Ball of Dartmouth was the first man into Tech field where the finish was held around the quarter mile track. Taber, who had been alternating with him for the lead during the entire run, followed, 50 yards in the rear. At this point Taber showed the speed and stamina which has made him a national reputation as a long distance runner of the first water by uncorking a wonderful burst of speed and finishing 250 yards ahead of his nearest competitor.

The next four men to finish in the order named were Ball, Harmon, Marceau and Day, all of Dartmouth. Next came Benson of M. I. T., Shriver of Williams, Cobb of Amherst, Litchfield of Brown, Atwater of Tufts and Roberts and Cook of Brown. The time of the winner for the 4 6-10 miles was 25m, 31 2-5s.

The way that he kept Tech lost her chance to make a good showing before the meet began thru poor management. Gerald, who only last Friday received the cup for first place in the cross country series, was overlooked by the manager, who, incidentally, had charge of this same series. Stan Porter, Tech's star distance man and last year's captain, had cramps at the start and was forced to walk a half mile of the distance. At that he beat an Amherst man and two Holy Cross men.

The Tech men to score in the gruelling contest over hills, fences, three brooks and pig pens were Carl Hugo '16, who finished 27; E. R. Hedstrom, '14, 29; H. Lord '16, 33; C. H. Burgess '16, 38; A. L. Miller '15, 39.

The team scores were as follows:—

Dartmouth	35
Brown	50
M. I. T.	82
Amherst	123
Williams	131
Holy Cross	163
W. P. I.	166
